ROSE location and parking information

Our ROSE clinic is located directly across the street from Rose Medical Center. 4500 E 9th Ave. Suite 540. Denver CO 80220. Patients may use the covered parking garage across the street that we share with the hospital, or they may use the valet parking in front of our office building. Both are free. If patients park on the side of the road they **will be charged**, as it is city Parking.

Upon arrival to the building, proceed through the front doors and to the elevators located across from the coffee stand. Patients will ride to the 5th floor and exit the elevator to the left followed by an immediate left- where our suite is located straight ahead.

COVERED PARKING
